

OUR SYSTEM  
IS YOUR SOLUTION

INDUSTRIES WE SERVE

THE CHEMSTATION SYSTEM  
OFFERS CUSTOM-FORMULATED,  
INDUSTRIAL CLEANING  
CHEMICALS, DELIVERED TO  
REFILLABLE CONTAINERS.  
OUR CUSTOMERS SPAN  
A BROAD RANGE OF INDUSTRIES.

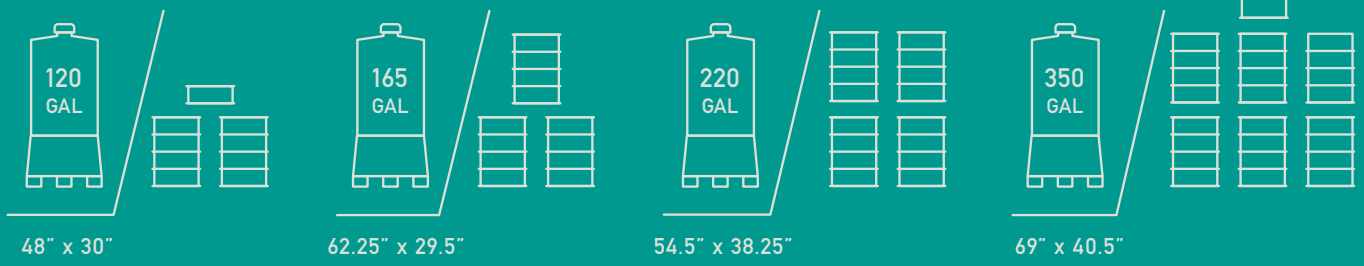

WHAT DO THEY ALL SHARE?

A NEED FOR SERVICE, SAFETY,  
EFFICIENCY, AND CONTROL.

**OUR TANKS VS. DRUMS**

## OUR INDUSTRY EXPERIENCE

### ASPHALT RELEASE

Products are state DOT-approved and NTPEP listed. Our Asphalt Release System pumps multiple dilution rates for easy application.

### FLOOR CARE

Customized products clean grease, dirt, tire marks, inks, cutting oils, and other soils off of all types of floors.

### ODOR CONTROL

Ready-to-use or concentrated deodorizers can encapsulate or counteract malodors effectively in landfills and transfer stations.

### PARTS CLEANING

Products for use with all types of equipment are tailored to your specific parts cleaning and rust inhibition needs.

### REFINERIES & PETROCHEMICAL PLANTS

Industrial cleaning and process chemicals are customized for maintenance, start-up, and turnaround capabilities at refineries and petrochemical plants.

### AND MORE

We can custom-formulate a product to work for your specific needs.

### CONCRETE FORM RELEASE

Our water-based and oil-based concrete form release solutions promote stripping, eliminate bugholes, and will not affect the adhesion of caulks, paints, backdrops, or coatings.

### FOOD & BEVERAGE

ChemStation partners with you to develop a sanitation program that includes customized cleaning products for all food industries.

### OIL FIELD SERVICES

Our line includes truck and equipment washes, radiator cleaners, rig washes, wireline degreasers, and concrete removal products.

### PULP, PAPER & PRINTING

Low VOC, neutral pH formulations without chlorinated solvents can be used to remove ink and clean anilox rolls or presses.

### VEHICLE CLEANING

Products are effective for cleaning a variety of vehicles and will not dull, water spot, or streak painted surfaces.
