

CHEMSTATION

See You in Atlanta!

The 2022 International Production & Processing Expo (IPPE) will be held January 25-27 at the Georgia World Congress Center in Atlanta, Georgia. IPPE is a collaboration of three shows – International Poultry Expo, International Feed Expo, and International Meat Expo – representing the entire chain of protein production and processing. This event will have more than 1,000 exhibitors showcasing the latest technology and innovations from around the world!

IPPE is the world's largest annual display of technology, equipment, supplies, and services used in the production and processing of eggs, meat, and poultry and those involved in feed manufacturing. A wide range of international decision-makers attend this annual event to network and become informed on the latest technological developments and issues facing the industry.

If you're planning to attend this event, please stop by and say hello to the ChemStation Team in Booth C10927 (C Hall)! For more information about this event, visit www.ippexpo.org.

Keeping it "Green"

Refill...Not Landfill is one way we help our customers live up to their green initiatives. If your company wants to be more "green" in 2022, let ChemStation help you meet your goals!

Some key advantages of the ChemStation System include:

- Less packaging
- No wasted containers going in our planet's landfills
- Our custom-formulated products reduce over-ordering and product waste
- Our Network of Manufacturing Centers minimizes transportation and pollution
- Lower energy use in labor and transportation
- Dispensing options and allocation systems reduce wasted product

Winter Driving – Before You Go

The National Safety Council recommends the following before you attempt to drive during snowstorms and icy conditions this winter:

- Clean your car's external camera lenses and side view mirrors so you'll be able to see what's around you
- Remove dirt, ice and snow from sensors to allow the assistive-driving features like automatic emergency braking to work
- To prevent carbon monoxide poisoning, never leave a vehicle running in your garage – even with the garage door up
- If the forecast looks iffy, wait out the storm if possible; if you must travel, share your travel plans and route with someone before you leave

It's also important to winterize your car and keep your emergency preparedness kit stocked. Visit <https://www.nsc.org/home-safety/tools-resources/seasonal-safety/winter/driving> for some helpful tips.

Success is making the people who believed in you look brilliant.

– *Dharmesh Shah*

You can waste your lives drawing lines. Or you can live your life crossing them.

– *Shonda Rhimes*

It's not about ideas. It's about making ideas happen.

– *Scott Belsky*

Be kind whenever possible. It is always possible.

– *Dalai Lama*

If you believe it will work out, you'll see opportunities.

If you believe it won't, you'll see obstacles.

– *Wayne Dyer*
