

## Heat Illness – What To Do

Would you know what to do if a co-worker was ill from the heat? The OSHA Quick Card on Protecting Workers from Heat Stress lists the following:

- Call a supervisor for help. If the supervisor is not available, call 911.
- Have someone stay with the worker until help arrives.
- Move the worker to a cooler/shaded area.
- Remove outer clothing.
- Fan and mist the worker with water; apply ice (ice bags or ice towels).
- Provide cool drinking water, if able to drink.

If the worker is not alert or seems confused, this may be a heat stroke. Call 911 immediately and apply ice as soon as possible.

To learn more about heat illness and how to prevent it, view the OSHA Quick Card at [www.osha.gov/Publications/osh3154.pdf](http://www.osha.gov/Publications/osh3154.pdf).

## Vehicle Cleaning Solutions

With back-to-school approaching, school buses will soon be back on the roads. Did you know that ChemStation offers products to clean buses and many other types of vehicles?

ChemStation's quality products are custom-formulated to meet exact specifications – from full service, in-bay, self-serve, friction rollover, and touchless carwashes to industrial automatic and manual truck, bus, and heavy equipment washes.

Product options include foaming soap, windshield cleaning fluids, interior cleaners/deodorizers, wheel/tire cleaners, clear coat conditioners, and rinse aids/drying agents.
