

Safer Choice Products Available

ChemStation is proud to have product options that are a part of the EPA's Safer Choice program. Safer Choice helps consumers, businesses, and purchasers find products that perform and contain ingredients that are safer for human health and the environment. Safer Choice is an EPA Pollution Prevention (P2) program, which includes practices that reduce, eliminate, or prevent pollution at its source, such as using safer ingredients in products.

Bruce Phillippi, Director of Research & Manufacturing at ChemStation International, was invited by the EPA to speak at the 2022 Safer Choice Partner & Stakeholder Summit in Washington, DC, which took place on November 2-3, 2022. He was asked to cover the topic of "Innovations in Cleaning Products and Packaging" where he presented information regarding our system of refillable products. He also participated in a panel discussion that further showcased how our system of delivery lessens overall environmental impact.

If you are interested in learning more about Safer Choice and the standards that Safer Choice-certified products must meet, please visit www.epa.gov/saferchoice.

For information on the ChemStation Safer Choice product options available, please view our ChemStation [Safer Choice Flyer](#).

Warehouse Safety

OSHA has a Pocket Guide available on their website titled "Worker Safety Series: Warehousing." In this booklet, OSHA states some of the potential hazards for workers in warehouse operations including:

- Unsafe use of forklifts
- Improper stacking of products
- Failure to use proper personal protective equipment
- Failure to follow proper lockout/tagout procedures
- Inadequate fire safety provisions
- Repetitive motion injuries

Different areas of warehousing are covered in this guide (such as docks, forklifts, conveyors, manual lifting), and the hazards and solutions concerning each are addressed. To access this booklet, visit https://www.osha.gov/Publications/3220_Warehouse.pdf.

Happy Holidays from ChemStation

During the Holiday Season more than ever, our thoughts turn gratefully to all of our customers who have made ChemStation's progress possible.

We would like to take this opportunity to say thank you and to wish you the very best for the New Year!

Think big and don't listen to people who tell you it can't be done. Life's too short to think small.

— *Tim Ferriss*

A wise man can learn more from a foolish question than a fool can learn from a wise answer.

— *Bruce Lee*

Patience is bitter, but its fruit is sweet.

— *Aristotle*
