

# OUR SYSTEM IS YOUR SOLUTION

## CHOOSE CUSTOM FORMULATED DETERGENTS AND SANITIZERS FROM CHEMSTATION

To meet the specialized needs of the beverage industry, ChemStation manufactures water-based, biodegradable sanitation and process chemicals which:

- Are blends of synthetic detergents, emulsifiers and wetting agents
- Span the foaming spectrum from no-foam to high-foam
- Are safe for use on aluminum and other soft metal surfaces and on polycarbonate plastics
- Work effectively in hard or soft water and require no special softeners or additives
- Will not dull, waterspot or streak stainless steel, tile or painted surfaces.

## SAFE SOLUTIONS FOR ALL YOUR NEEDS INCLUDING:

- Bottle Washers/Rinsers
- Fillers
- Conveyors
- Labelers
- Packers
- Floors

## A COMPLETE SOLUTION WITH PRODUCTS INCLUDING:

- Sanitizers
- Foaming and Nonfoaming Products
- Degreasers
- Foaming Chlorinated Cleaners
- Line Lubes
- Floor Soaps

## OUR SERVICE PACKAGE INCLUDES:

**Refillable System** – Unique refillable tank system saves time and money spent handling and disposing of containers. No freight costs or container deposits.

**A Safer Solution** – Eliminate risks associated with receiving, handling, storing, servicing, rinsing, and disposing of drums and totes.

**Audit Support & Training** – Our sales and service teams partner with you to optimize your SSOPs, training programs, record-keeping, and general audit preparations.

**Inventory Management** – Use Tank Telemetry to view chemical levels on demand. Forecast data, track usage, and access reports at your fingertips.

**Local Service & Support** – Customize an account management plan with your ChemStation team and address sanitation issues before they arise. Our local team can respond rapidly to all of your service needs.

Environmental solutions with a refillable delivery system that eliminates potential environmental contamination from discarded containers.
