

FLOOR CARE

COMPLETE FLOOR CLEANING SOLUTIONS

ChemStation's custom formulated products are:

- Designed to clean grease, dirt, tire marks, inks, cutting oils, and other soils off your floors
- Good for use with floor scrubbers, mops/buckets, and other methods of application
- Formulated to work on concrete floors (sealed, unsealed, and painted), tile, terrazo, stone, and other floor surfaces
- Capable of building and maintaining a shine on concrete floors

ChemStation's custom-formulated floor cleaners are designed with the environment in mind. Our water-based, biodegradable cleaning compounds combined with our refillable delivery system eliminates potential environmental contamination from discarded containers. It also saves you time and money on hidden costs for ordering, receiving, storing, disposing, and handling.

EQUIPMENT OPTIONS

The ChemStation System includes a variety of tank sizes, dispensing methods, and accessories designed to meet customers' individual requirements. Additionally, ChemStation's Tank Telemetry (using cell phone technology) provides remote inventory monitoring and reporting for our tank systems.

Environmental solutions with a refillable delivery system that eliminates potential environmental contamination from discarded containers.
