

**CRAFT  
BREWERS  
CONFERENCE**  
& BrewExpo America<sup>®</sup>  
MAY 7-10, 2023  
NASHVILLE, TN  
BOOTH #453

## See You in Nashville!

As an industry-affiliate member of the Brewers Association, ChemStation will be attending the Craft Brewers Conference & BrewExpo America<sup>®</sup> in Nashville, TN on May 7-10. This is an industry-only conference and trade show and is the largest craft brewing industry gathering in the U.S.

The Craft Brewers Conference offers concentrated brewing education and idea sharing. BrewExpo America<sup>®</sup> helps brewing professionals encounter the best products and services that industry vendors have to offer. To learn more about this event, please visit [www.craftbrewersconference.com](http://www.craftbrewersconference.com).

If you plan to attend, please come see the ChemStation Team in Booth #453. ChemStation will be showcasing our safe chemical cleaning solutions for all brewery needs; including bottle rinsers, tunnel conveyors, lauter tun, mash tun, labelers, fillers, and floors.

We hope to see you there!

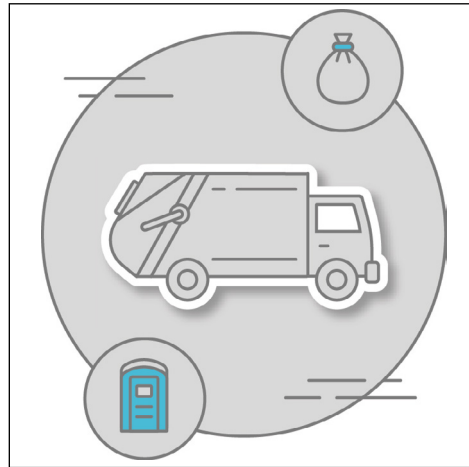

## International Roadcheck

The Commercial Vehicle Safety Alliance (CVSA) will conduct its annual Roadcheck on May 16-18. For 72 hours, the CVSA will have a high-volume commercial vehicle inspection initiative that covers all of North America.

This year, inspectors will focus on anti-lock braking systems (ABS) and cargo securement. ABS play a critical role in reducing the risk of collisions by preventing the wheels from locking up or skidding, allowing a driver to maintain control of the vehicle while braking. Improper cargo securement poses a serious risk to drivers and other motorists by adversely affecting the vehicle's maneuverability, or worse, causing unsecured loads to fall, resulting in traffic hazards and vehicle collisions.

For more information on International Roadcheck, please visit <https://www.cvsa.org/programs/international-roadcheck/>.

## ChemStation Odor Control

ChemStation products are custom-formulated to solve cleaning challenges in many different industries, but did you know we provide odor control solutions as well?

Our odor control products are not just for landfills, portable restrooms, rendering plants, and transfer stations. Some customers have used city trucks to carry our product to use at spill sites, while others have added odor control to their water trucks to spray on city roads to keep towns smelling clean.

No matter the industry, if you have problems with malodors, the ChemStation System is your solution.

To learn more about ChemStation solutions, please visit [www.chemstation.com](http://www.chemstation.com).

The right decision is the wrong decision if it's made too late.

— Lee Iacocca

If people are doubting how far you can go, go so far you can't hear them anymore.

— Michele Ruiz

Experience is what you get when you didn't get what you wanted. And experience is often the most valuable thing you have to offer.

— Randy Pausch

## BY THE NUMBERS

Gallons of soap delivered:

**387,469,937**

since 1984

Empty drums saved from landfills:

**7,044,907**

since 1984
