ChemStation Institute – Introduction Webinar

Can't wait for this year's ChemStation Institute: Food Safety and Sanitation Summit (CSI)?

To give a preview of what you can expect at October's summit, you're invited to our webinar, designed to introduce our globally renowned expert speakers and the topics they will cover at the ChemStation Institute event this year in Atlanta, GA.

Our speakers include Dr. Yvonne Masters, Director of Food Safety and Quality Policy for John B. Sanfilippo & Son, Inc.; Deb Kane, Vice President of Food Safety Quality, EHSS and Regulatory for J&J Snack Corp.; and Neil Bogart, President of Bogart Food Safety and Sanitation Associates, Inc.

[Sign up for the webinar](#) to secure your place today.

Still need to sign up for the CSI Event in Atlanta, GA? [Register here.](#)

Dealing with Speeding Drivers

The NHTSA (National Highway Traffic Safety Administration) reports that for more than two decades, speeding has been involved in approximately one-third of all motor vehicle fatalities.

The NHTSA offers these tips for encountering speeders on the road:

- If you are in the left lane and someone wants to pass, move over and let them by.
- Give speeding drivers plenty of space. Speeding drivers may lose control of their vehicle more easily.
- Adjust your driving accordingly. Speeding is tied to aggressive driving. If a speeding driver is tailgating you or trying to engage you in risky driving, use judgment to safely steer your vehicle out of the way.
- Call the police if you believe a driver is following you or harassing you.

Remembering Brett Sutton

In April, we lost a great friend and longtime ChemStation family member, Brett Sutton. Two of his friends, Dennis Jones and Kirk Chandler, started the Brett Sutton Foundation and a Memorial Scholarship at Auburn in his name to carry on his tradition of helping people, particularly in the Auburn University and poultry communities.

The Foundation's goal is to raise \$25,000 and once it does, it will be an endowed scholarship in Brett's name forever. Today, we share the [direct link to the scholarship](#) for a student studying poultry science in financial need at Auburn University. If you knew Brett and his love of Auburn and all things chicken, you know he would love helping these students! On behalf of ChemStation, Pam and Ann Charles Sutton, thank you for your love and support.

Every day the clock resets. Your wins don't matter. Your failures don't matter. Don't stress on what was, fight for what could be.

— Sean Higgins

Someone's opinion of you does not have to become your reality.

— Les Brown

Whatever you do, do it well.
