LAUNDRY SOLUTIONS

OUR SYSTEM IS YOUR SOLUTION

To meet the highly specialized needs of the industrial laundry industry, ChemStation manufactures water-based, biodegradable detergents and process chemicals. With ChemStation, you can expect products that:

1 PROTECT YOUR LINENS THROUGHOUT THE WASH PROCESS

- Colored uniforms
- White uniforms
- Safety wear
- Corporate uniforms
- Food & Beverage soils
- Healthcare soils

2 MAXIMIZE EFFICIENCY OF YOUR EQUIPMENT

- Wash efficiency dashboard
- Usage reporting and inventory control
- Custom-formulated chemicals with a managed dispensing process that will help you get your linens stain-free and clean, in a safe and efficient manner.

3 ALIGN WITH YOUR CHEMICAL MANAGEMENT PROGRAM

- We partner with industry leaders in industrial laundry and on-premise laundry equipment.

YOUR EQUIPMENT SOLUTION

We know that finding a solution that is compatible with your specific dispensing needs is a top priority. ChemStation partners with suppliers such as CFS Technologies, SEKO, and AquaPhoenix Scientific to bring you tools to meet your unique standards.

WHY CHEMSTATION

REFILLABLE

Unique refillable tank system saves you the time and money spent ordering, receiving, storing, handling, and disposing of containers. No freight costs or container deposits.

CONTROL

Proper dilution can be controlled and managed with dispensing equipment.

ORGANIZED

Cleaner, safer chemical room with clearly marked containers, labels, and signage.

TELEMETRY

Remote inventory monitoring and reporting for our tank systems. Never run out of product and avoid excess inventory.

LAB AND SERVICE

Your Account Manager and our team of Chemists can develop a custom formulation to meet your unique needs.
