

Join Us for CSI

ChemStation Institute: Food Safety and Sanitation Summit 2024 (CSI) will be held October 21-23, 2024 at the Radisson Blu Mall of America in Bloomington, MN. You can sign up for just the one-day EMP workshop, just the 1.5-day CSI, or EMP and CSI. Pricing will depend on the sign-up. **Final deadline to register is Friday, September 20.**

Want to learn more? Join our pre-CSI webinars this month:

- **Friday, September 13 at 11:00 am ET:** Lori Ledenbach of Ledenbach Food Safety; Paul Mitchell of PM Food Safety; Paul Schacht of PFS Consulting; and Neil Bogart of Post Consumer Brands will walk you through the two workshops at CSI and what they will entail. [Click here](#) to register for the webinar.
- **Tuesday, September 24 at 11:00 am ET:** Dr. PC Vasavada, Emeritus Professor at University of Wisconsin River Falls will be leading the C.H.E.M. Clinic activity at CSI. Join us for this pre-CSI webinar to learn what C.H.E.M. Clinic will entail and learn about Dr. Vasavada's journey into food safety. [Click here](#) to register for the webinar.

We hope you will join us for this dynamic and informative conference. [Register for CSI](#) today!

Learn a Lifesaving Skill

The American College of Surgeons STOP THE BLEED® program has prepared nearly 4 million people worldwide on how to stop bleeding in a severely injured person. At our recent Safety Day at ChemStation headquarters, our employees learned this lifesaving skill.

In a STOP THE BLEED® course, you'll learn three quick techniques to help save a life before someone bleeds out: (1) How to use your hands to apply pressure to a wound; (2) How to pack a wound to control bleeding; (3) How to correctly apply a tourniquet. These three techniques will empower you to assist in an emergency and potentially save a life.

Find a course near you at stopthebleed.org.

Helping Find Solutions in Dairies

To meet the specialized needs of the dairy industry, ChemStation manufactures water-based, biodegradable sanitation and process chemicals which are:

- Custom formulated cleaners and detergents designed to clean dairy soils
- A full line of cleaning chemicals for all dairy and membrane applications
- Highly concentrated formulas yielding excellent cost performance
- Detergents that efficiently and effectively remove soils from all surfaces
- Effective in all water conditions and applications

ChemStation has dairy experts, and we're ready to assist you! From problem-solving to application training, ChemStation's philosophy is to find the best answer for your business and continue looking for improvement opportunities. Visit chemstation.com or reach out to your ChemStation representative to learn more.

Small deeds done are better than great deeds planned.
— Peter Marshall

People may doubt what you say, but they will believe what you do.
— Lewis Cass

What you get by achieving your goals is not as important as what you become by achieving your goals.
— Henry David Thoreau
