

## Micro Monthly Webinar & CSI 2025 Preview

Join us on Friday, August 22 at 11am ET / 10am CT for our next **Micro Monthly webinar: "ROT or NOT? A Food Quality Investigation."** This session will offer a sneak peek into our upcoming spoilage investigation workshop that will take place at the 2025 ChemStation Institute (CSI) in Denver, CO.

At the CSI workshop, you'll learn how to identify and track spoilage organism contamination within food processing environments. Workshop leaders will introduce practical tools and techniques to help you refine your contamination tracing skills and implement effective spoilage prevention strategies. [Click here](#) to register for the August Micro Monthly where you will learn more about this CSI workshop.

If you are interested in attending CSI 2025 in Denver on October 27-29, the deadline to register and reserve a room is 5pm EST on Friday, October 3, 2025. Whether you're in QA, operations, or sanitation leadership, this food safety and sanitation summit will advance your skills and sharpen your investigative instincts. Learn more about CSI at [chemstation.com/what-is-csi/](https://chemstation.com/what-is-csi/), and register for CSI 2025 by [clicking here!](#)

## Safer Choice Products Available

ChemStation is proud to have product options that are a part of the EPA's Safer Choice program. Safer Choice helps consumers, businesses, and purchasers find products that perform and contain ingredients that are safer for human health and the environment. Safer Choice is an EPA Pollution Prevention (P2) program, which includes practices that reduce, eliminate, or prevent pollution at its source, such as using safer ingredients in products.

If you are interested in learning more about Safer Choice and the standards that Safer Choice-certified products must meet, please visit [www.epa.gov/saferchoice](https://www.epa.gov/saferchoice).

For information on ChemStation's role in this partnership, visit <https://chemstation.com/safer-choice/>. To learn more about the ChemStation Safer Choice product options available, please view our [ChemStation Safer Choice Flyer](#).

## Upcoming FSPCA Training: September 22-24

Are you ready to elevate your knowledge and meet FDA requirements as a Preventive Controls Qualified Individual (PCQI)?

ChemStation's Eagle Team is excited to offer the FSPCA Preventive Controls for Human Food online course (Version 2.0), the FDA-recognized curriculum for food safety professionals, on September 22-24, 2025.

**Duration:** 8am – 5pm CT each day  
**Format:** Live, web-based (webcam required)

Space is limited – only 40 participants per session! Secure your spot now and take the first step toward becoming a PCQI.
